You are aware that the Greater Wraangal Municipal Corporation is one of the active partners in Nurturing Neighbourhood Challenge and we are implementing the project with the assistance of WRI India. The technical team of WRI India has developed two design guidelines/check lists for effective designing of Parks, play ground, open spaces or streets. Further they have prepared a detailed play catalogue – a compilation of specification for installation of play equipment. The design guidelines/checklists are placed in Greater Warangal Municipal Corporation Website. Therefore Wing Officers of GWMC and KUDA are hereby instructed to go through the guidelines/checklists and shall ensure implementation of those guidelines while developing new parks, streets, open spaces or play grounds hereafter. The concerned Officers also requested to furnish suggestions if any to improve the draft designs/checklist etc.,

All the concerned officers are directed to comply the instructions scrupulously.

Commissioner,
Greater Warangal Municipal Corporation.

To
All the Concerned.
